

The Garden of Sculptures

BLOOM 2014 GOLD MEDAL WINNERS

Garden Designed by: Ingrid Swan MGLDA
in collaboration with
Ruth Liddle of GardenSculptures.ie

The Garden of Sculptures was an exciting new addition to Bloom this year that wowed visitors, showcasing 50 spectacular artworks all created here in Ireland.

This garden inspired by the Irish countryside surrounding Tullow & Hackestown celebrated both Irish Landscape and demonstrated that Irish sculptural pieces can enhance almost every garden and outdoor space no matter how large or small.

A sculpture adds a whole new dimension and focal point to the garden that can be enjoyed all year round. Smaller pieces were also on show and suitable for both indoors & outdoors.

This concept garden at Bloom brought garden sculptures to the masses and created an avenue for people to buy directly or order their own bespoke piece from www.garden-sculptures.ie

Please contact Ruth for further pieces available by the individual artists
